

## Information for our passenger with disability

### From guide dog to wheelchair

Everything disabled people need to travel we transport free of charge. This includes orthopaedic aids and wheelchairs. Guide dogs and companion dogs can also travel for free. Guide dogs and companion dogs do not have to wear muzzles.

### Disabled WC`s

The boats have no toilet facilities on board. The disabled toilets closest to the landing stages are located:

- ⊗ at Seelände (Königssee) in the first boat shed (on the left looking toward the lake)
- ⊗ in St. Bartholomä behind the restaurant (unlock with euro key)
- ⊗ in Salet in the waiting room

There is no disabled WC in the restaurant Saletalm or on the alms.

### Electric wheelchair – rent of mechanical wheelchairs

Unfortunately, we cannot transport electrically-operated wheelchairs because the way they are constructed means they cannot be rolled over the steps.

However, you can borrow a mechanical wheelchair at the ticket office of Königssee Shipping (there is only a limited number available). It is essential that you reserve one in advance (Mon.-Sun. phone +49 8652 9636-96).

### Landing stages and access to the boats

Königssee shipping's landing stages are accessible without steps. Please board and disembark from the boats carefully. Access to the electric motorboats (all constructed identically) is relatively narrow and steep and requires you to go down three steps. The boats are moored to the landing stage by two ropes; this means that there is a narrow gap between the landing stage and the boat. The boat may rock on boarding. Each boat has space amidships for one or two wheelchair users (no electric wheelchairs). Larger groups of wheelchair users are requested to contact the manager beforehand. The crew will be happy to help you board and disembark.

### Information for hearing impaired people

For the hearing impaired people we have the explanations of the boatman in written form at our ticket-office. Ask at the ticket-office for information for the hearing impaired.
